Written by Anouk

On October 30, Sofia lodge Carmel had the pleasure to welcome the ambassador of USA to Bulgaria - H.E. Eric Rubin.

He gave a remarkable speech praising the B'nai B'rith legacy in promoting charity and tolerance, not only in the American society but also around the world.

Mr Rubin pointed out how important B'nai B'rith is with its leading role in the fight against the global Anti-Semitism and its new emerging forms.

After his speech Mr. Rubin answered the questions and comments raised by the audience.

Being himself raised in a family deep connected with B'nai B'rith ambassador Rubin expressed his willingness to deepen the cooperation between the embassy and the lodge for bringing more tolerance in the Bulgarian society. The meeting was special also due to the fact that it was joint meeting of a Carmel lodge and sisters and brothers from the neighboring countries. The success of the meeting inspired many ideas for future cooperation between the lodges on the Balkan peninsula.
